

THE *Winery*

Our wine list is devoted to the people and places that make tasty wines from grapes you may not have heard of, whilst not forgetting the wines from regions and varieties that are as familiar as old friends.

Remember, wine is a good drink, often a great drink, but... it's the food, people and places that go with it that make it special.

SKIN CONTACT WHITES

Imagine sitting in the sun... in one hand, a ripe nectarine and in the other...a glass of fresh zesty home made lemonade. Skin contact, or orange wine, is an ancient winemaking technique that allows white wine grape flesh to sit on their skins, inducing tannins and other characteristics normally only found in red wine. Well, as your mother keeps on saying... fashion always comes full circle and this 8000 year old tradition from Georgia is back. Ask for a taste, you know mum is always right.
